PROFILE SUMMARY

Motivated and detail-oriented developer with strong fundamentals in web technologies and practical experience in full-stack development using React.js, Node.js, Express.js, and MongoDB. Passionate about building efficient, user-friendly applications and continuously learning in dynamic environments.

EDUCATION

K.S.Rangasamy College Of Technology 2021-2025
Bachelor of Information Technology *CGPA:8.74*

TECHNICAL SKILLS

Programming Languages: Java, JavaScript
Frontend Technologies:HTML5, CSS3, React.js
Backend Technologies: Node.js, Express.js
Databases: MongoDB,SQL
Tools and Platforms: Git, GitHub

INTERNSHIP

Front End Trainee Jan 2024 – Apr 2024
Quick App Studio
- Trained in front-end development using HTML, CSS, and JavaScript.
- Practiced building user-friendly web interfaces with responsive layouts.
- Learned basic design principles and implemented them in mini-projects.
- Gained hands-on experience through practical tasks and coding assignments.

Full Stack Developer Intern Jan 2025 – Feb 2025
Novitech Solutions
- Built full-stack features using React.js, Redux, Node.js, and Express.js.
- Improved page speed and API performance by over 20%.
- Contributed to Agile sprints and code reviews for 3+ project deliveries.
- Resolved UI bugs in collaboration with QA, reducing issue reports significantly.

PROJECTS

E-Commerce Web Application | *React.js, Node.js, Express.js, MongoDB*
- Developed a responsive and user-friendly e-commerce website with product listings, cart management, and user authentication.
- Integrated secure payment gateway and order tracking functionality.
- Enabled admin dashboard for product management and order overview.

Expense Tracker Web App | *React.js, Node.js, Express.js, MongoDB*
- Built a dynamic web application to track daily expenses and categorize spending.
- Implemented JWT-based authentication and CRUD operations for transactions.
- Integrated real-time chart visualizations using Chart.js to analyze monthly expense trends.

CERTIFICATION

MongoDB Associate Developer – MongoDB University(Apr 2025)
Blockchain and Its Applications – NPTEL (Apr 2024)
Privacy and Security in Social Media – NPTEL(Apr 2023)
